# KANSTUL CUSTOM CLASS

## CCT 900

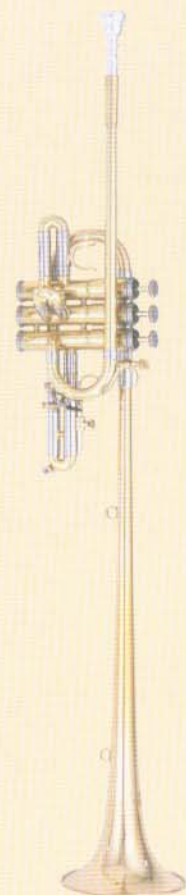

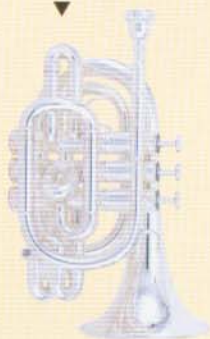

### Bb Trumpet

A superb, all-around trumpet featuring the popular E bell design with reverse mouthpipe. Delivers a full rich sound that is compact and centered.

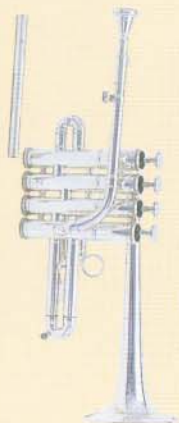

## CCT 905

### Bb Pocket Trumpet

The compact size does not reduce Kanstul quality and performance. Has medium large bore and full size  $4\frac{3}{4}$  bell.

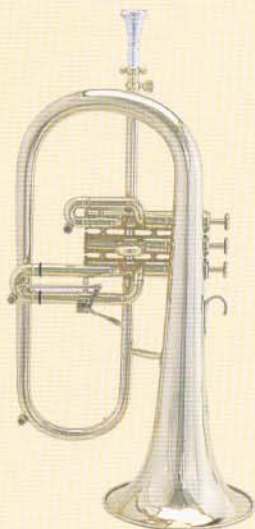

▲ CCT 910, 911 & 912  
Herald Trumpets  
in C, Bb and G

## CCT 920

### Bb/A Trumpet

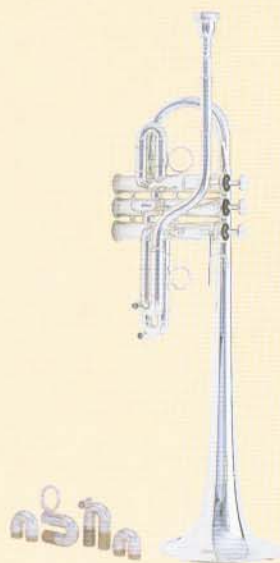

A high quality four-valve piccolo trumpet with interchangeable cornet shank mouthpipe. The small bell and medium large bore help produce brilliant sound in the high register.

## ◀ CCF 925

### Bb Flugelhorn

A mellow classic sound in a free blowing horn with excellent intonation throughout. Exclusive Kanstul bell and mouthpipe design.

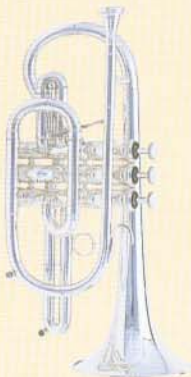

## ▲ CCT 923 D/Eb Trumpet

An elongated bell combined with a medium large bore. A rich dark sound is produced for symphonic performance. Two sets of slides.

## CCC 930 Bb Cornet ▶

Classic shepherd's crook design with first valve slide trigger. Medium large plus bore.

During his illustrious career Zigmant Kanstul has been responsible for designing and manufacturing brasswinds bearing some of the most respected names in music - including F. E. Olds, Benge, King and F. Besson. Since founding Kanstul Musical Instruments Inc. in 1980, he has pioneered innovative techniques to improve the quality

and musicality of products bearing his name. A half century of experience and leadership ensure that only the very finest hand-crafted instruments bear the name ZIGMANT KANSTUL.

## SIGNATURE COLLECTION

### THE ARTIST'S CHOICE

A COLLECTION OF BRASSWINDS DESIGNED TO EXCEED THE EXPECTATIONS OF THE MOST EXACTING PROFESSIONAL ARTIST.

Outstanding designs in trumpets, cornets and flugel-horns comprise the SIGNATURE COLLECTION - offered in a choice of exquisitely shaped hand-hammered bells in 100% pure copper, bronze or brass. Each SIGNATURE instrument embodies meticulous attention to detail - from hand-fitted Monel pistons with long lasting brass valve guides to hand crafted one-piece bells. Each incorporates thoughtful quality features such as positive third valve slide stops, hand-fitted tuning slides, and Amado positive sealing waterkeys (most models). Each can be ordered with clear lacquer or silver plate finish, and individually customized to suit the needs of the Artist.

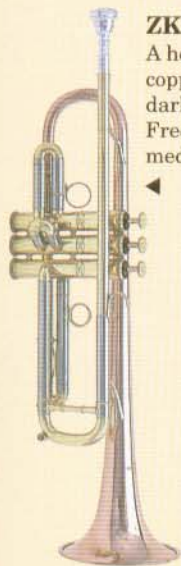

## Custom Class

### THE PROFESSIONAL CHOICE

A COLLECTION OF SUPERIOR BRASSWINDS DESIGNED TO PLEASE SERIOUS PERFORMERS AT ALL LEVELS

KANSTUL *Custom Class* brings the concept of handcrafted quality, into the intermediate price level typically applied to mass-produced instruments. These are truly "hand-crafted", with hand-hammered one-piece bells, and hand-fitted slides. Every detail is of the highest quality, including Monel pistons with brass valve guides. And the term "custom" truly applies to all of these fine instruments which can be customized with optional features, material and finishes. Each can be ordered with brass, copper or bronze bell, and in two finishes - clear lacquer or silver plate. All come with a genuine Kanstul mouthpiece and case.

# ZIGMANT KANSTUL SIGNATURE COLLECTION

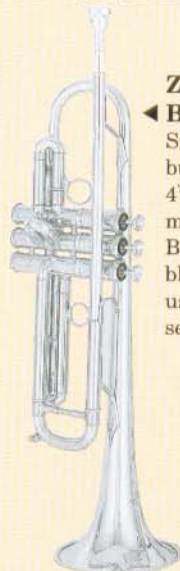

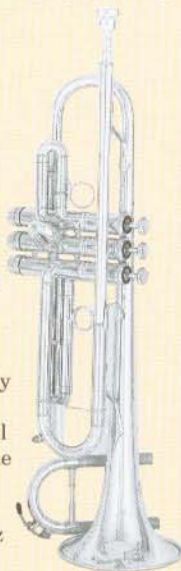

## ZKT 1500 Bb Trumpet

A heavy-walled five inch copper bell produces a big dark symphonic sound. Free blowing and open medium large bore.

## ZKT 1500A Bb Trumpet

Similar to ZKT 1500, but with 5" bronze bell, heavy receiver and weighted valve caps. Comes with 2 tuning slides for more flexibility or greater sound focus; weighted brace and dual bore, with standard single brace. Full centered sound, with great projection prized by jazz and symphony artists alike.

## ZKT 1500B

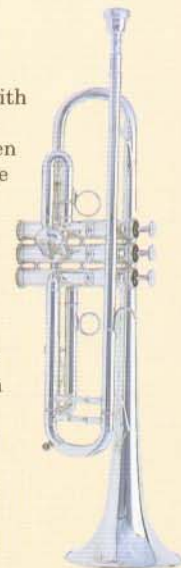

### Bb Trumpet

Similar to ZKT 1500, but with a lightweight 4<sup>7</sup>/<sub>8</sub> inch brass bell and matching mouthpipe. Balances sizzle and blend for all-around use. Excellent as a section instrument.

## ZKT 1501

### Bb Trumpet

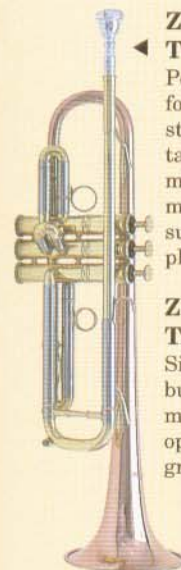

All around performer with quick response, bright centered sound, and even registers. Medium large bore.

## ZKT 1502

### Bb Trumpet

Similar to ZKT 1501. Focused, bright classic trumpet sound ideal for lead players working in the upper register. Medium large bore.

## ZKT 1503 Bb

### Trumpet

Powerful dark sound with focused projection. Comes standard with medium tapered brass bell with matching mouthpipe and medium large bore. Is suited for all around players.

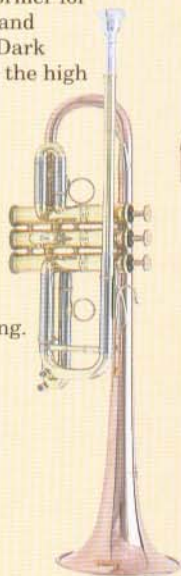

## ZKT 1504 Bb

### Trumpet

Similar to ZKT 1503 but has a slightly larger mouthpipe for a more open feeling with greater flexibility.

## ZKT 1510 C Trumpet

A heavy-walled 5 inch copper bell, reverse mouthpipe and large bore make this an exceptional performer for both symphonic and chamber work. Dark singing sound in the high register.

## ZKT 1510A C Trumpet

(not shown)

Medium Large Plus bore with reversible leadpipe and traditional bracing.

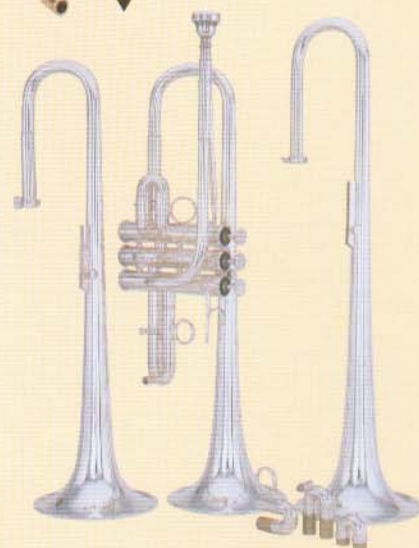

## ZKT 1520

### Bb/A/G Trumpet

3 interchangeable bells - adapts quickly and easily to Bb, A or G tuning and delivers focused sound, with superb intonation in each key. Interchangeable Bb and A/G mouthpipes for both trumpet and cornet shank. Includes three sets of slides. Special 4th valve crook for trills.

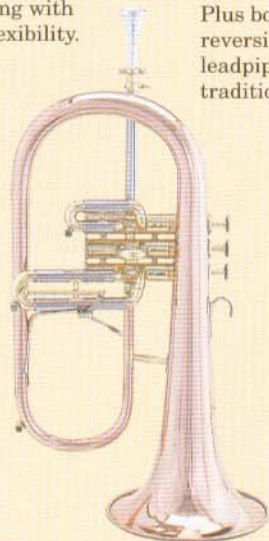

## ZKT 1523 D/Eb Trumpet

Unique tuning bell soprano trumpet features interchangeable bells to D and Eb. These bells produce the strong dark sound desirable for symphonic work. An optional Eb chamber bell is available for lighter, brighter chamber music. Includes two sets of slides. A truly exceptional instrument.

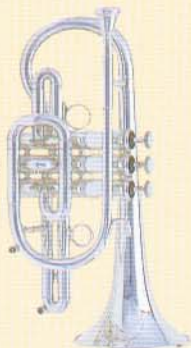

## ZKF 1525 Bb Flugelhorn

Superb intonation throughout the entire range, coupled with the rich mellow sound of heavy walled copper, makes this an unequalled performer for jazz and all-around use. Third valve slide trigger.

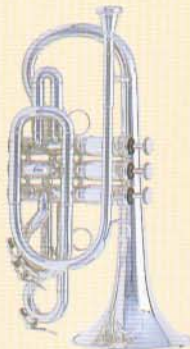

## ZKC 1535 C Cornet

A large bore and carefully matched mouthpipe help create the traditionally dark cornet sound.

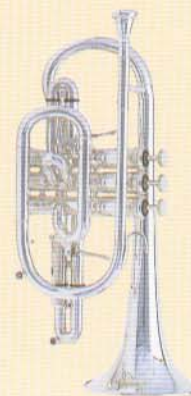

## ZKC 1530 Bb Cornet

Traditional shepherd's crook design features three large bends for a smooth mellow sound. Medium large bore.

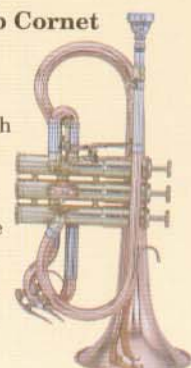

## ZKC 1531 Bb Cornet

Traditional British cornet with shepherd's crook design, two slide triggers. Large bore.

## ZKC 1536 Eb Cornet

A remarkably easy-blowing soprano instrument with medium small bore. First valve slide trigger. Double shepherd's crook design.

## ROTARY TRUMPETS

## MARIACHI SERIES

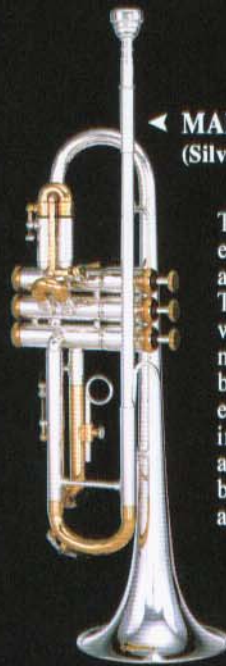

◀ ZKR 1506 C Rotary Trumpet

These rotary trumpets feature Zirnbauer rotary valves with a third slide trigger. The bronze bells produce big warm dark orchestral sound. They have very centered, stable intonation throughout the full range with an elegant blending sound and even response. They are free blowing and will not break up.

ZKR 1505 Bb Rotary Trumpet ▶

◀ MAR 991 Bb Premier  
(Silver with Gold Trim)

These trumpets were created especially to express the authentic spirit of Mariachi. The sound is brilliant, yet warm. Valve action is lightning fast and secure. They blow astonishingly free and easy in all registers, enhancing the performance of the artists at every level. They both have 1st slide triggers and 5 1/4" diameter bells.

MAR 990 Bb Standard ▶  
(Nickel with Brass Trim)

## CHICAGO SERIES

CHI 1000 ▶  
.460 bore

These Bb trumpets feature the unmistakable look of the classic trumpets designed by Chicago craftsmen a half century ago. They have the same solid feel and soaring sound.

CHI 1001 ▶  
.464 bore

CHI 1070 ▶  
.470 bore

This instrument features a no-nonsense traditional design with classic flugelhorn sound and superb intonation. It is easy blowing, compact and light with a third slide trigger.

CHF 1025 ▶  
.415 bore
